Preamble

This Agreement is entered into by and between the City of Sioux Falls, South Dakota, hereinafter referred to as the City, and Local #814, International Association of Firefighters, hereinafter referred to as the Union.

This Agreement shall be binding upon the successors and assigns of the parties hereto and no provisions, terms, or obligations herein contained shall be effected, modified, altered, or changed in any respect whatsoever by the consolidation, merger, annexation, transfer, or assignment of either party hereto or by any change geographically or otherwise in the location or place of business of either party.

Wherever the male gender is used in this Agreement, it shall be construed to include male and female employees.

Article 1 Recognition

The City recognizes the Union as the exclusive bargaining agent pursuant to SDCL 3-18 for purposes of establishing wages, hours, and conditions of employment for all employees employed by the City in the following described positions: Firefighter, Fire Apparatus Operator (FAO), Uniformed and Civilian Fire Inspector, Civilian Fire EMS Educator, Fire Captain, and Emergency Vehicle Technician. All references to employees hereinafter contained are to those employees covered by this Agreement.

Article 2 Management's Rights

Section 1. Except to the extent expressly modified by a specific provision of this Agreement, the City of Sioux Falls reserves and retains solely and exclusively all of its statutory and common-law rights to manage the operation of Sioux Falls Fire Rescue (SFFR) of the City of Sioux Falls, South Dakota, as such rights existed prior to the execution of this Agreement with the Union including, but not limited to:

- A. The right to operate and manage all manpower, facilities, and equipment.
- B. The right to adopt, modify, change, enforce, or discontinue any existing rules, regulations, procedures, and policies that are not in direct conflict with any provision of the Agreement.
- C. The right to formulate, implement, modify, or discontinue Standard Operating Procedures and Administrative Policies for the governing of the operation of SFFR. Standard Operating Procedures and Administrative Policies will be distributed to the Union, and an announcement of changes shall be emailed to all employees and will be published in the form of a manual, as well as being made available to all employees through the City's intranet website.
- D. To determine work assignments or eliminate work schedules, locations, or functions in accordance with municipal and departmental needs and to contract or subcontract all or any of the functions of SFFR that do not take work away from the bargaining unit.
- E. To transfer, demote, terminate, or otherwise relieve employees from duty for just cause.
- F. To recruit, select, and determine the number and types of employees required.

- G. To establish recognized fire service in-service training programs and requirements for upgrading employees.
- H. To establish fire functions and programs, including the setting and amending of budgets.
- I. To determine the utilization of technology and manpower and to modify organizational structures; to select, direct, and determine the number of personnel engaged in total functions or any particular part thereof.
- J. To perform any inherent managerial functions not specifically limited by this Agreement and to take such other measures as the City or SFFR administration may deem necessary for the orderly and efficient operation of SFFR so long as it does not conflict with this Agreement.

Section 2. To the extent that the above rights are specifically limited, in whole or in part, by the provisions of this Agreement, alleged violations are subject to the grievance procedure, except regarding those issues identified in this Agreement as being subject to the Civil Service appeal process only.

Article 3 Prevailing Rights

Section 1. The City agrees that except in an emergency, any employee practices allowed during working hours as of the effective date of this Agreement will not be changed by rule or ordinance unless the change is first submitted to the Committee for Union-Management Cooperation for consideration. After such consideration, the City may implement the proposed change. Emergency changes will be submitted to the Committee for Union-Management Cooperation after implementation.

Section 2. The employer and the Union agree that no changes shall be made to the terms and conditions of employment as set forth in this Agreement for the term of this Agreement except by mutual agreement of the parties in writing. Any disagreement between the parties in this area shall be subject to the grievance procedure, except in those matters identified in this Agreement as being subject to the Civil Service appeal process.

Section 3. The employer agrees not to enter into any agreements, including those provided by law, with the unit employees, individually or collectively, which in any way conflicts with the terms and provisions of this Agreement.

Article 4 Discrimination

Section 1. The City and the Union agree not to discriminate against any employee covered by this Agreement for any reason where discrimination is prohibited by federal or state law nor because of the employee's membership or nonmembership in the Union. Other than Union membership, any dispute concerning the interpretation and/or application of this section shall be processed through the Civil Service appeal process where applicable or the appropriate federal or state agency or court rather than through the grievance procedure set forth in this Agreement.

Section 2. Americans with Disabilities Act. The parties agree that the City may take action that is in accord with what is legally permissible under the Americans with Disabilities Act ("ADA") in order to be in compliance with the ADA and its amendments, notwithstanding any other provisions of this Agreement.

Article 5 Payroll Deduction of Union Dues

Section 1. The City shall deduct regular biweekly Union dues from the pay of each employee covered by this Agreement provided that at the time of such deduction there is in the possession of the SFFR payroll clerk of the City a current unrevoked written assignment, executed by the employee, in the form and according to the terms of the authorization form shown as Exhibit A and made a part hereof. Such authorization may be revoked by the employee and at any time by giving written notice thereof to the SFFR payroll clerk of the City.

Section 2. Previously signed and unrevoked written authorizations shall continue to be in effect for any employee reinstated following layoff, leave of absence, or suspension not exceeding 60 days; previous authorizations of other employees rehired or reinstated shall not be considered in effect.

Section 3. Such authorized deductions shall be made from every payroll period of each calendar month and will, within ten days, be remitted to the duly elected Treasurer of the Union. The Union shall advise the SFFR payroll clerk of the City in writing the name of such official of the Union.

Section 4. If the SFFR payroll clerk of the City receives an employee authorization on or after the tenth day prior to any payroll period of the calendar month, no deductions will be made for that payroll period. If the SFFR payroll clerk of the City receives an employee revocation of authorization before the tenth day prior to any payroll period of the calendar month, no deductions will be made from that payroll period or subsequent payroll periods. If such revocation is received on or after the tenth day of any payroll period, a deduction will be made from such payroll but shall not be made for subsequent payroll periods.

Section 5. At the time of execution of this Agreement, the Union shall advise the SFFR payroll clerk of the City, in writing, the exact amount of regular biweekly Union dues in the exact dollar amount or dues formula amount for each Union member. If, subsequently the Union requests the City to deduct additional biweekly Union dues, such request shall be effective only upon written assurance by the Union to the SFFR payroll clerk of the City that additional amounts are regular biweekly Union dues duly approved in accordance with the Union's constitution and bylaws. Such form shall be in accordance with the form as shown herewith in Exhibit A and such form shall be treated for all purpose in like manner as the initial authorization form.

Section 6. The City shall not be liable for the remittance payment of any sums other than those constituting actual deductions made; and, if for any reason it fails to make a deduction for any employee as above provided, it shall make that deduction from the employee's next pay period in which Union dues are normally deducted after written notification to the SFFR payroll clerk of the City of the error or omission. If the City makes an overpayment to the Union, the City will deduct that amount from the next remittance to the Union. The Union agrees to indemnify and hold the City harmless against any and all claims, suits, orders, or judgments brought or issued against the City as a result of any action taken or not taken by the City under the provisions of this Article.

Article 6 Hours of Work

Section 1. The City agrees to maintain a 27-day, 204-hour work schedule for employees assigned to a shift schedule only for the term of this Agreement or until modifications are required by applicable state or federal wage and hour statutes. If it becomes necessary for the City to modify the 27-day, 204-hour scheduling approach for any reason prior to the expiration of

this Agreement, the City or the Union may reopen the contract for the purpose of renegotiating the work schedule and only those portions of this Agreement directly impacted by the modification of the work schedule. The City agrees that any additional work schedules will conform to the regulations and requirements regarding hours of work, wages, overtime, and other provisions of the Federal Fair Labor Standards Act (FLSA) and all other federal or state statutes that may be applicable.

Section 2.

- A. All employees assigned to fire suppression shift schedules shall be placed on a fixed work cycle. The beginning and ending time of the fixed work cycle shall be established as a result of the change in scheduled work time versus scheduled time off.
- B. Time-off schedules for employees assigned to a 27-day shift cycle, having regular starting and quitting times, may be permanently or temporarily changed by the City in order to meet the varying conditions and needs of SFFR.
- C. SFFR will maintain time-off schedules for Fire shift employees in its computer-based staffing program. Every middle shift day, the Chief Officer in Charge will have all rovers assigned to an apparatus for the next 3-day hitch. This does not preclude the movement of personnel due to unforeseen circumstances.
- D. Any requested changes on the scheduled shift-off list shall be approved by the Chief Officer in Charge of the shift or battalion and employees directly involved.
- E. The City agrees to maintain a work schedule based on an average 53-hour workweek for fire suppression personnel.
- F. The City reserves the right to create new peak load work schedules based on a workweek shorter than 53 hours for fire suppression personnel. Except as otherwise stated in this Agreement, any newly created peak load staffing that is not based on a 53-hour workweek will have the same biweekly pay rate and benefit levels proportionate to 40-hour benefits. Any new peak load schedules based on a workweek shorter than 53 hours will be brought before and agreed upon at the Committee for Union-Management Cooperation meeting before implementation.

Section 3. All employees assigned to 40-hour work schedules shall be placed on a 40-hour, 7-day work cycle. Daily and weekly individual work schedules for employees assigned to 40-hour schedules, having regular starting and quitting times, may be permanently or temporarily changed by the City in order to meet the varying conditions and needs of SFFR.

Section 4. Flextime may be implemented where feasible upon approval of the Fire Chief or his designee contingent on the following:

- A. Does not impair service to the public.
- B. Does not result in the need for additional personnel.
- C. Does not create overtime.
- D. Starting and quitting times may vary as long as the employee works the number of assigned hours in the work schedule.
- E. Flextime work schedules may revert to either a five 8-hour day workweek or to a four 10-hour day workweek totaling a 40-hour workweek when a holiday occurs in that workweek. If an employee is on a four 10-hour day workweek, he will be permitted to use two hours of vacation, personal leave, or compensatory leave on the day the holiday occurs, in addition to the eight hours of holiday pay in order to maintain a 40-hour week.

Section 5. Employees assigned to a 40-hour schedule shall be permitted one 15-minute rest period during each 4-hour period of an 8-hour shift, except during calls to emergencies. It shall be taken near the middle of each 4-hour period whenever feasible. For work beyond an 8-hour day, rest periods shall be permitted in the same intervals as provided in this section. Rest periods are not cumulative and so may not be accumulated to be used during periods other than those specified. The times when breaks are to be taken during each day shall be determined by SFFR.

Section 6. When a fire suppression shift employee attends training that is commensurate with a 40-hour work schedule, they will record their travel time and actual time spent in the training sessions in Telestaff. The fire suppression shift employee shall not have his salary reduced if his actual hours worked, while attending a 40-hour training schedule, do not equal his 27-day, 204-hour work schedule. The employee's 27-day, 204-hour work schedule, travel time, and actual time spent in the 40-hour training sessions shall dictate hours actually worked for purposes of computing overtime. The fire suppression shift employee, upon returning from a 40-hour training duty assignment, shall not be required to report for duty until his next regularly scheduled shift. If the employee chooses not to return to work and will have worked less than the required 204 hours in the current pay cycle, the employee must use a time off benefit or accrued comp time to make up the hours.

Section 7. In the event an employee is subpoenaed to act as a witness in his capacity as an employee of the City, and subject to the approval of the Fire Chief, all time spent in legal proceedings as a witness shall be compensable at the employee's regular base hourly rate of pay, provided that all witness fees, allowances, or other remuneration received by the employee for his participation as a witness shall be promptly delivered to the City.

Section 8. Nothing in this Article or anywhere else in this Agreement shall be construed as a guarantee of a specific number of hours or work per week for any employee covered by this Agreement.

Article 7 Staffing

Section 1. The City agrees to provide staffing sufficient to maintain the operations of SFFR at an effective level. The City of Sioux Falls reserves the right to operate, direct, and manage employees and operations.

Article 8 Wages

The pay grades for 2016 shall be effective as of January 4, 2016, and be 3% greater than the pay grades established for 2015.

Section 3. In no event shall an adjustment in step placement be made during the life of this contract except for disciplinary matters, which may include unsatisfactory performance by the employee, or to correct administrative errors.

Section 4. The effective date of a step advancement will be computed from the beginning of a payroll period if the personnel action is taken up to seven days past the beginning of the payroll period. If the personnel action is taken on or after the eighth day preceding the beginning of the payroll period, the step advancement will be computed from the beginning of the next payroll period.

Section 5. Employees holding the rank of Firefighter and Emergency Vehicle Technician will be eligible for step advancement pursuant to the following table:

Section 10. An employee's step anniversary date may be adjusted, except in cases of military leave, if the employee's service is interrupted by unpaid leave or disciplinary action of 30 or more calendar days in a year, if an employee's step advancement is delayed without retroactivity on the basis of performance, or if the date is adjusted as the result of the terms of this Agreement. The step advancement based on the employee's date of hire may be delayed commensurate with the service interruption or on the basis of performance.

Section 11. A designated training position shall receive a 10 percent increase in pay to their regular base hourly rate while assigned to training duties. The training position designation shall be considered a duty assignment that is made at the sole discretion of the Fire Chief.

Section 12.

- A. When SFFR is required to respond to a hazardous materials or urban search and rescue call outside the city of Sioux Falls and a Firefighter, who is also a certified paramedic, is designated and required to act as a paramedic to assist any injured SFFR Firefighter on such a call, the Firefighter will receive additional pay of \$1.00 per hour added to their base hourly rate of pay from the time of dispatch until their unit is released from the scene and the person is not acting in the capacity of a paramedic.
- B. When SFFR responds to disasters outside of the city of Sioux Falls, where assistance has been requested by another governmental entity, a Firefighter, who is also a certified paramedic, may be designated and required to act as paramedic to assist any civilian patient when express permission has been given by the Fire Chief. The Firefighter will receive additional pay of \$1.00 per hour added to their base hourly rate of pay for every shift the person is acting in the capacity of a paramedic. The Fire Chief can revoke permission to act as paramedic at any time and without cause.
- C. A SFFR Firefighter, who is assigned to the SFPD SWAT team as a tactical medic, and is designated and required to act in a tactical environment to assist any injured personnel, will receive additional pay of \$1.00 per hour added to their base hourly rate of pay from the time of dispatch until they are released from the scene and the person is not acting in the capacity of a tactical medic. When the tactical medic is training or responding off-duty, they will receive overtime or compensatory time as covered under Article 9—Overtime.

Section 13. Any hours worked related to a SFFR deployment outside of Sioux Falls will be calculated in the same manner as work hours based on the employee's normal 27-day, 204-hour work cycle. Any hours actually worked over and above the normal 27-day, 204-hour work cycle will be compensated as extra duty. All hours worked will be reflected on the incident crew time record (CTR). Any compensable hours worked that are not recorded on the CTR have to be approved by the Fire Chief or his designee (i.e. vehicle or equipment repair, etc.). Any deployment where the Incident Commander requires the employee to be on standby during their scheduled time off will be considered standby and the employee will receive standby pay of \$1.00 per hour for those hours. If a contract or agreement is in place between the agencies involved, it will govern the rates of compensation for per diem.

Article 9 Overtime

Section 1. Employees covered by this Agreement shall be paid at the rate of 1 1/2 times their regular base hourly rate of pay for all authorized hours worked in excess of 40 hours in a 7-day work cycle if assigned to a 7-day work schedule, or in excess of 204 hours in a 27-day work cycle if assigned to a 27-day work schedule.

To earn overtime as pay or compensatory time as set forth in this Article, an employee must have actually worked for a period of time in excess of 40 hours for 40-hour employees or 204 hours for shift employees. Forty-hour employees will not be permitted to use paid leave benefits to accumulate hours worked in excess of 40 hours for purposes of earning additional overtime.

Section 2. Extra duty work, hours actually worked, or hours granted as holiday leave, paid vacation, sick leave, and personal leave shall be considered as hours actually worked for purposes of computing overtime. Hours worked on Emergency Call-in, Standby, workers' compensation leave time, or hours scheduled and taken as compensatory leave, or any other hours not specified in this Agreement as hours actually worked for purposes of computing overtime, shall not be considered hours actually worked for purposes of computing overtime.

Section 3. Extra Duty Roster.

Extra duty will be first offered to employees on the sign-up list in the rank affected, starting with the person with the least amount of total extra duty hours. If no qualified members are available from the sign-up list, the call in for extra duty will begin for the rank affected starting with the member with the least amount of extra duty hours. The first member contacted will be offered the extra duty opportunity and will be "force hired" to work if after going through the extra duty list once no subsequent members agree to accept the extra duty offer. If the extra duty requires special abilities, special training, or certifications, is the result of an emergency, or is time sensitive, the City retains the right to assign employees to work extra duty without following the procedures outlined in this Article. The City retains the right to "force hire" an employee to work extra duty after making a reasonable effort to obtain a qualified volunteer. The extra duty roster shall be established and regulated by SFFR Administrative Policy 400.2. Changes to this policy may be made outside the collective bargaining process; however, must be mutually agreed upon at a Committee for Union-Management Cooperation before implementation. Employees will normally not be asked to work more than 50 hours in any 72-hour period except in an emergency situation or when other persons are not available to maintain staffing.

Section 4. Compensatory Time: 40-Hour Employees.

Employees assigned to a 40-hour schedule shall be allowed to accumulate compensatory time off, up to a maximum balance of 80 hours. Compensatory time will be accumulated at the rate of 1 1/2 times the number of hours actually worked in excess of 40 in lieu of overtime pay. When an

employee requests compensatory leave, it shall be scheduled by his Chief Officer in Charge in the same manner as vacation as provided in SFFR's Administrative Policy. All paid benefit leave requests have priority over compensatory leave. If an employee requests compensatory time in lieu of overtime pay, such time cannot be converted to pay at a later date, except upon termination of employment with the City, or as otherwise specified in this Agreement.

Section 5. Compensatory Time: Shift Employees.

To accommodate SFFR training, travel, and meetings, employees assigned to a 27-day 204-hour schedule shall be allowed to accumulate compensatory time off, up to a maximum balance of 96 hours. Compensatory time will be accumulated at the rate of 1 1/2 times the number of hours actually worked in excess of 204 hours in a 27-day cycle in lieu of overtime pay. Compensatory time shall be scheduled off by management. If the Battalion Chief must postpone compensatory time off, he will notify the employee no later than 30 calendar days prior to the scheduled time off. Compensatory time off balances must be exhausted prior to separation or promotion into a management position with SFFR.

Section 6. The provisions of this Article shall not be construed to prevent the City from retaining necessary employees, as determined by the City, in those positions requiring specialized training or skills.

Section 7. Under no circumstances will a duplication or pyramiding of overtime hours be permitted in the determination of hours actually worked for purposes of computing overtime pay.

Section 8. Any time an employee who is not already on or scheduled to be on duty is called in from home to work in a nonemergency or nonstandby situation, he shall receive a minimum of two hours of pay at the guaranteed overtime rate of 1 1/2 his regular base hourly rate, except as otherwise specified in this Agreement. This provision shall not apply to scheduled meetings, medical exams, or other scheduled events. Assignments of this nature shall be hours actually worked for purposes of computing overtime.

Section 9. Regular Overtime Rate.

As used in this Agreement is the premium rate paid for all hours actually worked by an employee which are in excess of 40 hours in a week or in excess of 204 hours in a 27-day cycle that have not already been specifically guaranteed as overtime. The overtime rate is 1 1/2 times the employee's regular rate of pay, in accordance with the Fair Labor Standards Act. Any reference to overtime, time and one-half, or pay at 1 1/2 times the regular base rate in this Agreement, which is not specifically identified as "guaranteed" overtime, will be defined as regular overtime in application.

Section 10. Guaranteed Overtime.

As used in this Agreement is premium pay based upon the specific type of hours worked, such as emergency call-in or standby hours worked. Hours which are specified as "guaranteed" are paid at the overtime rate of 1 1/2 times the regular base hourly rate, for all of the specific hours worked whether the total hours worked exceed 40 hours for a week or 204 hours during a 27-day work cycle. Since the specified hours are already guaranteed overtime pay, they are not counted again as hours actually worked for purposes of calculating additional overtime for the week or pay cycle. If counted again as hours actually worked toward overtime, the result would be a duplication or pyramiding of overtime, which is not permitted by the terms of this Agreement.

Article 10 Emergency Call-In

Section 1. Emergency Call-In.

- A. An employee not already on duty, who has been called in for emergency duty to work outside of his regular shift schedule, shall be guaranteed overtime to be paid at a rate equal to 1 1/2 times his regular base hourly rate of pay for the number of hours worked outside of his scheduled tour. The minimum pay for this emergency duty shall not be less than 2 hours at the guaranteed overtime rate, unless the emergency duty begins less than 2 hours prior to the beginning of the start of the employee's scheduled shift, in which case the employee will be paid the guaranteed overtime rate only for the amount of time worked before his regularly scheduled shift begins.
- B. Emergency call-in begins when an employee reports to the station where their appropriate protective gear is located and ends when the employee is returned to the assigned emergency duty station or personal vehicle and is released by the Chief Officer in Charge, or when the employee's regularly scheduled shift begins, whichever is earlier.
- C. An "emergency call-in" for fires or other emergencies as determined by the Chief Officer in Charge is a requirement to report to work on a nonscheduled day or during nonscheduled hours to work an unspecified period of time provided the employee is requested to report to work as soon as possible after receiving the request.
- D. A requirement that an employee work an adjusted schedule or additional hours, or work in excess of his normal scheduled hours, shall not be treated as an emergency call-in.
- E. The number of hours worked on Emergency Call-In, which are paid at the guaranteed overtime rate, shall not be counted as hours actually worked for purposes of computing additional regular overtime.

Article 11 Acting Pay

Section 1. SFFR shall provide, upon request, manuals and testing fees for Emergency Vehicle Technician certification.

Article 13 Seniority

Section 1. Seniority shall be defined as follows:

- A. For purposes of this Article, seniority of service shall be defined as the total length of continuous service with the employer since the employee's last date of hire into SFFR less any adjustments due to layoff, approved leaves of absence without pay, or any other breaks in service. If more than one person is hired on the same day, then that person occupying the highest position on the certified civil service entrance examination list shall receive seniority preference. Where a tie exists in test score, seniority preference shall be based on alphabetical order of the person's last name.
- B. For purposes of determining length of vacation, all continuous service within the City in any department shall be considered.
- C. For purposes of determining vacation scheduling and holiday requests, all continuous service in SFFR shall be considered.

Section 2. Seniority may be terminated for only the following reasons:

- A. The employee quits.
- B. The employee is discharged and the Civil Service Board, or a reviewing court, does not reverse the discharge.
- C. The employee is laid off for a period of more than two years.
- D. The employee retires. An employee on a disability retirement who is brought back to work within five years of retirement shall retain all his seniority back to his original hire date.
- E. The employee fails to report to work within 14 calendar days after the City sends notification of recall by certified mail to the laid-off employee's last known address. To protect his seniority, it is the laid-off employee's responsibility to keep the Human Resources department informed of the laid-off employee's current address and telephone number.
- F. Absence from work due to off-the-job injury or sickness for 12 months following expiration of all paid time-off benefits.

Section 3. The City will update a seniority list for each rank category should layoffs take place. The City will furnish or send an electronic copy of the seniority list to all employees. Such list will show names of employees and their date of hire by the City. The City will also provide a time-in-rank list, based on the employee's appointment date to current rank. Employees must bring alleged errors on the seniority list to the attention of the Human Resources department in writing 60 calendar days of the list being issued, or such errors are waived by the employee affected and the list will stand as posted.

Section 4. Supervisors who are promoted out of the bargaining unit and remain in SFFR shall continue to earn bargaining unit seniority and may exercise that seniority in the event a return to the bargaining unit is required.

Article 14 Layoff and Recall

Section 1. Whenever it becomes necessary in SFFR for lack of work or funds or on grounds of economy or any other proper and legal cause to reduce the workforce in any rank category, the appointing officer shall designate the rank category from which the layoff shall take place. No full-time employees will be laid off while part-time employees are still employed. Employees serving in the affected rank category will be laid off in the inverse order of their appointment as a Civil Service employee in his department. The last one to be appointed will be the first one to be laid off.

Section 2. The City shall give at least 60 days' notice to the Union of its intention to make force adjustments resulting in layoff.

Section 3. An employee who is notified by the City that the employee is to be laid off shall have seven days to exercise the following options in the order listed:

1. Claim the job of the employee having the least seniority of all employees in the claimant's rank.
2. Claim the job of the employee having the least seniority of all the employees in the rank(s) the claimant previously held.

An employee may not claim a job unless the City determines he is able to perform satisfactorily and he meets the minimum qualifications for the position or is able to prove the ability to do so within 30 calendar days after claiming the position.

Section 4. An employee whose job is claimed will be laid off unless the employee is eligible and able to avoid such layoff by exercise of the options listed in Section 3. The employee on entrance probation shall be laid off in inverse order of hiring.

Section 5. An employee who exercises an option under Section 3 and claims a position having a lower maximum biweekly rate of pay shall be decreased to the salary step closest to his present biweekly rate.

Section 6. The employee who is actually laid off shall be placed on a reinstatement eligibility list for two years. If there is a recall, employees shall be recalled to their former rank where possible in the inverse order of their layoff, provided they are presently qualified to perform the work to which they are recalled without further training.

Section 7. If the employee is recalled to a rank lower than the one he held at time of layoff, he shall have the right to return to the rank he held prior to being laid off in the event it subsequently becomes available.

If the employee is recalled to a lower rank, the employee shall have the right to refuse the recall.

The City shall not hire new employees in the bargaining unit as long as there are employees on the reinstatement list who are presently qualified to perform the work in the rank and are willing to be recalled to the said rank.

Section 8. If the layoffs also result in a reduction in the current number of Captains, Inspectors, and/or Fire Apparatus Operators, the reduction shall be based on time in rank. The employee shall have the right to return to the rank held prior to the reduction in the event it subsequently becomes available.

Section 9. The laid-off employee shall accept and be available for reemployment within 14 calendar days after receiving the notice of recall. The notice of recall shall be sent to the laid-off

employee's last known address by certified mail. To protect his seniority, it is the laid-off employee's responsibility to keep the Human Resources department informed of the employee's current address and telephone number.

Section 10. Reinstatement of benefits for laid-off employees reemployed through recall shall be as follows:

- A. Any employee laid off and later reemployed by the City must apply for health/life/dental coverage as a new employee unless reemployed within 18 months of layoff provided the employee retains and pays for said coverage during those 18 months.
- B. Pension benefits may be reinstated in accordance with Chapter 39 of the City Code of Ordinances.
- C. Laid-off employees who are reemployed by the City within two years since their layoff will have their sick leave accrual reinstated and the employee will earn sick leave at the present accrual rate.
- D. When an employee is laid off from City service, the employee will be paid in full for vacation hours earned to date. If an employee is reemployed with the City before the two years have elapsed since layoff, that employee will begin to accrue vacation leave at the same rate as when the employee was laid off.
- E. All seniority rights will be retained but not accumulated during layoff and reinstated upon reemployment within two years from the date of layoff.
- F. Employees called back to their former rank will receive their former rate of pay and all increases in pay which were applied during the period of layoff. Employees called back to work in a lower rank with a lower maximum rate of pay shall be applied as specified in Section 5 of this Article.

Article 15 Leaves of Absence

Section 1. Absence from duty without authorization or failure to report after an authorized leave has expired or has been disapproved, revoked, or cancelled shall be grounds for suspension, demotion, or discharge.

Section 2. The Fire Chief or his designee shall have authority to approve an unpaid leave of absence up to a maximum of 14 consecutive calendar days to an employee who has been in the service of the City for more than 18 months, including time on probation immediately preceding his time of leave except in case of absence on the grounds of sickness, disability, military duty, family/medical leave as set forth in this Agreement, or urgent necessity. Requests for unpaid leaves of absence for a duration longer than 14 calendar days shall require the approval of the Fire Chief and Human Resources Director. No leave of absence, whether granted, extended, or continued, shall exceed one year, except as otherwise provided in this Article. Requests for unpaid leave of absence will usually only be considered in the event that the employee has used all available paid leave time. The Chief or his designee may grant exceptions to this policy.

Section 3. Military leaves of absence shall be taken in accordance with Article 24, Military Service Leave.

Section 4. Should a probationary employee be absent from the job for an approved leave without pay, the probationary period will be extended to enable the employee to complete a full probationary period.

Section 5. An employee on approved unpaid leave of absence annually exceeding 30 days shall accrue seniority through the 30th day of leave, and shall retain his seniority as of that day. Seniority shall not be accumulated following the 30th day of unpaid leave annually except as specifically provided by state or federal law.

Sick leave time or vacation shall not be accumulated during an authorized unpaid leave of absence of one or more hours.

When an employee is suspended without pay for just cause, or absent without authorization, all accruals of vacation and sick leave will be suspended as well as for the entire period of unpaid absence.

An employee on an authorized unpaid leave of absence is not guaranteed reemployment at the termination of the leave except as specifically otherwise provided in this Agreement or by state or federal law.

Section 6. Except as otherwise provided in this Agreement or by state or federal law, health/dental/life insurance coverage may be continued during a leave of absence without pay, so long as the employee continues to pay 100 percent of the premium for that coverage at the City group insurance rates one month in advance of coverage.

Time absent while receiving pay subsidy through the City's Sick Leave Assistance Program will be treated in the same manner as an authorized unpaid leave of absence, except as otherwise specifically provided in this Agreement.

Article 16 Family/Medical Leave

Section 1. Eligibility.

The Family and Medical Leave Act (FMLA) requires the City to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for certain family, medical, and military reasons during a 12-month period. Employees are eligible for FMLA leave if they have worked for the City for at least one year and worked 1,250 hours over the previous 12 months.

Section 2. Use of Paid Leave Benefits—Concurrent With FMLA.

The City requires employees to use paid leave benefits before unpaid leave may be granted. FMLA regulations require that an eligible employee be granted FMLA leave at the time a qualifying family or medical event occurs, whether the employee has paid leave available to him or not.

If an employee has available paid leave benefits at the time family/medical leave is required, the family/medical leave will run concurrently with the use of those paid leave benefits until they are exhausted or until the available 12-week FMLA leave period ends, whichever comes first. Use of eligible paid leave benefits for FMLA events as detailed in this Article must comply with the City's policies/definitions for use of paid time-off benefits. If an employee's available paid leave benefits are exhausted prior to the end of the 12-week FMLA period, the remainder of the period shall be granted as unpaid leave.

Section 3. Reasons for Taking FMLA Leave—Family, Medical, and Military.

The following conditions represent qualified FMLA leave:

Family Leave:

- A. For birth of a son or daughter and to care for the newborn child.
- B. For placement of a son or daughter for adoption or foster care.

Medical Leave:

- A. To care for the employee's spouse, son or daughter, or parent who has a serious health condition.
- B. Because of a serious health condition that makes the employee unable to perform the employee's job.

Military Leave:

- A. Because of any "qualifying exigency" arising out of the fact that the spouse, son, daughter, or parent of the employee is on active duty, or has been notified of an impending call to active duty status, in support of a contingency operation; or
- B. An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member who is recovering from a serious injury sustained in the line of duty on active duty is entitled up to 26 weeks of leave in a single 12-month period to care for a service member.

Section 4. Use of City Leave Benefits.

If an employee has available paid leave benefits at the time family medical leave is required, the family medical leave will run **concurrently** with the eligible use of those paid leave benefits until they are exhausted or until the available 12-week FMLA leave period ends, whichever comes first. Use of leave during the FMLA period can be taken incrementally or consecutively. If an employee's available paid leave benefits are exhausted prior to the end of the 12-week FMLA period, the remainder of the period shall be granted as unpaid leave. Usage of City leave benefits per qualified FMLA event is detailed below:

- To care for an employee's newborn child. (Family Leave)
 - Eligible paid time-off benefits include vacation leave, personal leave, and comp time. This leave can be taken any time within one year of the child's birth.
- To care for the mother following the birth of a child. (Medical Leave)
 - Eligible paid time-off benefits include up to eight weeks of sick leave immediately following the birth of a child to "care for the mother" due to the medical event of delivery of a child. The mother must be the employee or the spouse of the employee. Any leave beyond the eight weeks (postpartum) of medical leave will be considered family leave and eligible time-off benefits include vacation leave, personal leave, comp time, or leave without pay.
- For placement of a son or daughter for adoption or foster care. (Family Leave)
 - Eligible paid time-off benefits include vacation leave, personal leave, and comp time. This leave can be taken any time within one year of the child's placement.

- To care for the employee’s spouse, son, daughter, or parent with a *serious health condition*. (Medical Leave)
 - Eligible paid time-off benefits include sick leave, vacation leave, personal leave, and comp time.
- Because of a *serious health condition* that makes the employee unable to perform the functions of the employee’s job. (Medical Leave)
 - Eligible paid time-off benefits include sick leave, vacation leave, personal leave, and comp time.
- Because of any “qualifying exigency” arising out of the fact that the spouse, son, daughter, or parent of the employee is on active duty, or has been notified of an impending call to active duty status, in support of a contingency operation. (Family Leave)
 - Eligible paid time-off benefits include vacation leave, personal leave, and comp time.
- An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member who is recovering from a serious injury or illness incurred in the line of duty on active duty is entitled up to 26 weeks of leave in a single 12-month period to care for a service member. (Medical Leave)
 - Eligible paid time-off benefits include sick leave, vacation leave, personal leave, and comp time.

Section 5. Requesting Leave and Notice Requirements.

- A. In the case of FMLA family leave taken for the care of a healthy newborn child, newly adopted child, or newly placed foster child, the leave may be taken in a single period, or intermittently not to exceed 12 weeks which must commence within 12 months after the date of the child’s birth or placement for adoption or foster care. The employee is required to submit to the City, prior to the commencement of the FMLA family leave, a signed statement that he intends to return to his position upon expiration of the leave. In addition, the employee must provide at least two weeks’ advance notice of the date he intends to return to work. Circumstances may require that FMLA family leave for the birth of a child, or for placement for adoption or foster care, begin prior to the actual birth or placement.
- B. An employee requesting FMLA medical leave for the serious illness of a child, spouse, or parent or for his own personal serious health condition will be permitted to take the 12 weeks of FMLA leave either consecutively or intermittently. Each time FMLA leave is requested on this basis, the employee must request the FMLA leave, except where leave is not foreseeable, at least two weeks prior to the date the leave is to begin. The employee may be required to provide written certification from a medical physician describing the nature of the health condition and its probable duration. The employee must also provide the employer with two weeks’ notice prior to return to work date, whenever practicable.

Section 6. Medical Certification and Recertification.

The employee may be required to provide advance leave notice and medical certification. Taking of leave may be denied if requirements are not met. The City may require medical certification to support a request for leave because of a serious health condition and may require second or third opinions (at the City’s expense) and a fitness for duty report prior to returning to work.

The City may require recertification no more frequently than every 30 days unless (a) employee requests extension; (b) circumstances change significantly; and (c) employer doubts validity of

the certification or the employee's stated reason for the absence. Certification and recertification when required will be at the employee's expense. No second or third opinion on recertification can be required.

Section 7. Health Plan Benefits—Returning From Leave.

Health/dental insurance benefits will be maintained for the employee during the family/medical leave period provided that the employee continues to pay the employee portion of the premium for that insurance at least one month in advance of the coverage. If the employee chooses not to return to work for reasons other than a continued serious health condition, or other circumstances beyond the employee's control, the employee will be required to reimburse to the City the amount paid for the employee's health insurance premium during the leave period.

Employees returning from family/medical leave shall be returned to their previous position, or a similar position, with the same rate of pay as they received prior to the commencement of the unpaid family/medical leave.

Section 8. Administration.

In all cases, it is the employer's responsibility for determining whether leave qualifies as FMLA. The City may inquire as to the nature of the need for leave in order to assess the application of FMLA. Except as otherwise provided in this Article, all family/medical leave will be administered according to the requirements of the Family and Medical Leave Act and the National Defense Authorization Act.

**Article 17
Jury Duty**

An employee called upon for jury duty must submit notification of the jury assignment date to the department Director or designee.

Any employee who is called upon for jury duty shall not suffer any loss of pay; provided, however, that upon the termination of jury duty, the employee shall as soon as practicable following the actual date of the termination of jury duty submit to the payroll clerk a report of the money received as a juror. That amount received as a juror will be deducted from the employee's next paycheck. An employee who is compensated for jury duty on a day that is other than a regular scheduled workday shall retain such compensation for that day without paycheck deduction.

**Article 18
Time Trades**

Section 1. Fire suppression employees shall have the right to trade shifts with the approval of the Chief Officers in Charge of the employees affected, subject to the restrictions set forth in this Article, and when the change does not interfere with the normal operation of SFFR.

- A. Shift exchange or time trade between employees of unequal rank will be allowed only by special permission of the Chief Officers in Charge of the shifts affected.
- B. Between the hours of 8:30 a.m. and 4:30 p.m., Monday through Friday, time trades or shift exchanges will only be permitted in 4-hour increments, either from 8:30 a.m. to 12:30 p.m. or from 12:30 p.m. to 4:30 p.m., or in a single 8- or more hour increment. During that period, time trades or shift exchanges of less than four hours will not be permitted. This restriction does not apply to Saturdays, Sundays, or official City holidays.

C. An employee is not permitted to owe one or any combination of other employees more than a net 240 hours of time trades except as indicated in Section 5.

Section 2. The City shall incur no additional wage responsibility or additional accrued benefits liability because of a shift exchange.

Section 3. The hours worked shall be excluded by the City in the calculation of the hours for which the substituting employee would otherwise be entitled to overtime compensation. Where one employee substitutes for another, each employee will be credited as if he had worked his normal work schedule for that shift.

Section 4. The practice of an employee who relieves another employee on a previous shift prior to and within two hours of his scheduled starting time shall not require advanced approval as a time trade.

Section 5. In the event that an employee must be on extended leave from work due to illness, injury, or surgery that does not result from outside employment, and is expected to return to work, and if the employee has used all available paid benefits, the Fire Chief may, at his discretion, approve time trades for the employee. This provision shall not be used for the purposes of extending an employee's official date of separation from the City when the employee is not expected to return to work.

Section 6. Employees who have already agreed to work a certain period of time for another employee as a time trade will not be permitted to trade time with another employee to work the same period on the same scheduled day. The Chief Officer in Charge may specifically authorize exceptions to this restriction should the on-duty employee be required to leave work to attend to a verifiable personal emergency.

Section 7. Deviations from the provisions listed in this Article shall be allowed only by special permission of the Fire Chief or his designee.

Section 8. Time trades shall not be permitted or used to extend an employee's date of separation from the City.

Section 9. In the event the employee working a time trade becomes sick before the workday starts or thereafter, the employee originally scheduled to work shall be responsible for arranging a replacement to work his part of the time trade.

Article 19 Union Business

Section 1. The City agrees to grant the necessary time off, without discrimination and without pay, to Union officers and a reasonable number of official delegates designated by the Union to attend a labor convention and to any one person the necessary time off, without discrimination and without pay, to serve up to two years in any official Union capacity. Reasonable notice of absences will be given by the Union to the City, but absences for labor conventions shall require 15 days' notice.

Section 2. Members of the Union Negotiating Team will be allowed to attend all contract negotiation sessions agreed upon by the City, for the time frame specified. The Union Executive Board will be allowed to attend routine Union committee meetings in their assigned duty stations, which do not disrupt normal departmental operations, during regularly scheduled duty hours for a maximum of six hours per week with approval of the Chief Officer in Charge. Such time spent in negotiation sessions or in routine Union committee meetings during duty hours shall be used in computing weekly overtime. The employee will be subject to call by the Chief Officer in Charge.

Section 3. The Union shall designate one steward for each Fire station and one steward for 40-hour personnel. A current list of stewards shall be furnished to the Fire Chief and to the Chief Officers.

Section 4. The steward so designated shall investigate and present grievances to the Chief Officer in Charge of the shift or division affected in accordance with the provisions of this Agreement.

Section 5. Each steward shall be permitted a period of time not to exceed 102 hours per year to investigate, present, and process grievances during working hours without loss of time or pay. Such time spent investigating and processing grievances during duty hours shall not be used in computing overtime. All time spent in investigating, presenting, and processing grievances must be documented on the steward's time sheet. The steward, while on duty performing these grievance activities, will be subject to call.

Section 6. Except as specifically provided in this Article, employees shall not be permitted to conduct Union business or activities during duty hours.

Article 20 General Rules and Regulations

Section 1. The general rules and regulations of SFFR are hereby adopted by this reference, attached hereto and marked Exhibit B, and by this reference made a part of this contract the same as though set out in full.

Rules regarding City-owned property, equipment, and/or facilities shall be established at the sole discretion of the Fire Chief.

Section 2. Except in an emergency that precludes prior discussion, changes in the general rules and regulations will first be submitted to the Committee for Union-Management Cooperation for consideration. After such consideration, the City may implement the proposed change. Emergency changes in the general rules and regulations will be submitted to the Committee for Union-Management Cooperation after implementation. The change may be the subject of a grievance proceeding under the terms of this Agreement, except in those matters identified in this Agreement as being subject to the Civil Service appeal process.

Section 3. Disputes over new or changed general rules and regulations shall be subject to the grievance procedure, except in those matters identified in this Agreement as being subject to the Civil Service appeal process.

Section 4. Changes in the general rules and regulations will be distributed to the Union and such rules and regulations shall be posted by the City on station bulletin boards and/or published in the form of a manual.

Article 21 Grievance Procedure

Section 1. A grievance is defined as a dispute involving the interpretation or application of an express provision of this Agreement raised by an employee or by a group of employees with respect to a single common issue. Matters identified in this Agreement as subject to the City's Civil Service provisions and appeal procedures shall not be subject to the grievance procedures set forth in this Agreement.

Section 2. No grievance shall be entertained or processed unless it is submitted within 30 calendar days after the occurrence of the event giving rise to the grievance or within 30 calendar

days after the employee, through the use of reasonable diligence, should have obtained knowledge of the occurrence of the event giving rise to the grievance. If a grievance is not presented within the time limits set forth above, it shall be considered 'waived.' If a grievance is not appealed to the next step within the specified time limit or any agreed extension thereof, it shall be considered settled on the basis of the City's last answer.

Step 1. Within the 30-day time limit specified in Section 2 of this Article, the employee(s) or a designated representative may submit a grievance to the Chief Officer in Charge of the battalion, shift, or division affected. Grievances may not be presented to acting Battalion Chiefs. Any such grievance shall be submitted in writing using a grievance form as shown in Exhibit C. The grievance form shall be signed by the aggrieved employee(s) and/or a designated Union representative. An incomplete grievance form shall be returned to the aggrieved employee and/or his designated representative for completion and the time limits will be extended up to seven calendar days or until the form is returned in its completed format, whichever is the lesser. The written grievance shall contain a complete statement of the facts, the provision(s) of the agreement which the City is alleged to have violated, the date of the alleged violation, and the relief requested. The aggrieved employee shall have the right to process his grievance individually, by the Union, and/or by an attorney. The Chief Officer who received the grievance shall sign the form when it is presented.

Step 2. The Fire Chief and/or designee shall provide a written answer to the grievance within 30 calendar days of receipt of the grievance and will discuss the grievance answer with the employee and/or Union representative at a mutually agreeable time. At any time prior to the Fire Chief's written answer, the parties may meet to discuss the grievance and proposed settlements.

Step 3. If the aggrieved employee is not satisfied with the Fire Chief's answer and the grievance is still unresolved, the employee may appeal under the provisions of SDCL 3-18.

Section 3. It is agreed that all time limitations in this Article may be extended by mutual agreement of all parties involved. Extensions must be granted in writing.

For employees hired after December 31, 2011, the maximum balance of unused vacation for 40-hour scheduled employees shall not exceed 201 hours.

- E. The maximum vacation earned in any one month shall not exceed the provisions of the above schedules.
- F. The Fire Chief or his designee, at his sole discretion, may authorize the use of vacation leave for shift employees outside of the advanced scheduling provisions of Section 4 of this Article. Such vacation leave may be taken in less than 24-hour increments.
- G. Vacation leave for employees assigned to a 40-hour schedule shall be taken in increments of not less than one hour.

Section 2. When Taken.

- A. Vacation shall be taken at the time the Fire Chief or his designee shall designate. In designating vacation time, the seniority and preferences of officers or employees shall be followed unless absence of the employee or officer will impede the operation of SFFR.
- B. Management reserves the right to blackout a minimal number of days throughout the year in order to support special events or project needs of the department. Vacation and holiday selection will be limited or unavailable on those dates.
- C. Employees may schedule vacation prior to its anticipated accrual, but may not use vacation until after it has been accrued as specified in this Article.
- D. Vacation time shall not be scheduled or used in any manner for purposes of extending an employee’s official date of separation from the City.

Section 3. Maximum Balance and Payment.

- A. Employees assigned to a 24-hour shift schedule may accumulate vacation as set forth in Section 1 of this Article without limitation, provided that as of December 31 of each calendar year the employee's maximum balance of unused vacation shall not exceed 312 hours, or 264 hours for employees hired after December 31, 2011. Any unused vacation hours remaining in an employee's balance in excess of the allowable hours (264 or 312) as of 12 midnight on December 31 of every year shall be forfeited, except as specifically set forth in this Article.
- B. Employees assigned to a 40-hour schedule may accumulate vacation as set forth in Section 1 of this Article without limitation, provided that as of December 31 of each calendar year the employee's maximum balance of unused vacation shall not exceed 240 hours, or 201 hours for employees hired after December 31, 2011. Any unused vacation hours remaining in an employee's balance in excess of the allowable hours (201 or 240) as of 12 midnight on December 31 of every year shall be forfeited, except as specifically set forth in this Article.
- C. In the event of discharge, resignation in good standing, or in the event of death, any vacation time the officer or employee has accumulated and has not used before the date of separation of his employment, shall be paid at the employee's regular base hourly rate as of the date of separation to the officer or employee or to the surviving spouse, or if no spouse survives to his estate as follows:
 - 1. Shift employees hired before December 31, 2011, up to a maximum of 312 hours.
 - 2. Shift employees hired after December 31, 2011, up to a maximum of 264 hours.
 - 3. 40-hour employees hired before December 31, 2011, up to a maximum of 240 hours.
 - 4. 40-hour employees hired after December 31, 2011, up to a maximum of 201 hours.

Under no circumstances shall payment be made for accumulated vacation in excess of 240 hours for 40-hour employees or 312 hours for Fire shift employees, except as specifically provided in this Article.

- D. Except as specifically set forth in this Article, no payment may be made in lieu of vacation.

Section 4. Vacation for shift employees shall be scheduled in 24-hour increments. There shall be a split seniority system for scheduling vacations. This system cycles every three years. Each year when vacation requests are submitted for the following year, each employee must indicate to the Chief Officer in Charge the maximum amount of vacation the employee intends to use in the following year.

- A. **First year**—Seniority year, each member picks their vacation by seniority with SFFR, by rank, on the member's assigned shift. The seniority year shall be designated as January 1, 2012, and shall occur every third year thereafter. The seniority is split for all members with three years of completed service with SFFR as of January 1 of each year. The members assigned to each shift shall be assigned to Group "A" or Group "B" if they will complete three years of service within the three-year alignment time frame, but will not be placed until they have completed their three years of service. The odd-numbered seniority member of each rank shall be placed in Group "A," and the even numbered seniority member of each rank shall be placed in Group "B."
- B. **Second year**—Group "A" has first pick of vacations, followed by Group "B," and then followed by seniority of the members having less than three years of completed service.

- C. **Third year**—Group “B” has first pick of vacations followed by Group “A,” and then followed by seniority of the members having less than three years of completed service.
- D. Vacation picks for the months of June, July, August, and November shall be limited to no more than six consecutive days per pick.
- E. New employees, after completion of the six-month waiting period specified in this Article, may request vacation time on a monthly basis up to the end of the first calendar year in which they are employed. All monthly vacation requests shall be scheduled according to established departmental procedures.
- F. The Fire Chief or Chief Officer in charge may modify or adjust an employee’s vacation schedule when necessary to maintain the effective operation of SFFR.

Section 5. If an employee is absent from work through December 31 of a calendar year due to a duty-incurred injury, and such absence causes the employee to be unable to schedule some of his remaining unused vacation, the employee shall be permitted to carry over the amount of vacation unused due to the duty-incurred injury or illness into the next calendar year to be used as leave. This vacation carryover amount shall not exceed 204 hours more than the regular maximum carryover amount identified in Section 3C for shift employees, or 160 hours over the maximum regular carryover amount identified in Section 3C for 40-hour employees. Under no circumstances will any employee be compensated for unused vacation due to a duty-incurred injury or illness except as otherwise provided in this Article.

Section 6. In addition to this Article, SFFR Administrative Policy 510.1, Benefit Scheduling, shall govern benefit scheduling. Changes to this policy may be made outside the collective bargaining process; however, must be mutually agreed upon at a Committee for Union-Management Cooperation meeting before implementation.

Article 23 Holidays

Section 1. Holidays shall mean days in which regular employees of the City whose services are not essential on holidays are permitted to absent themselves from work with pay.

Section 2. The following days are established as official holidays of the City:

New Year’s Day	January 1
Martin Luther King Day	Third Monday in January
Presidents’ Day	Third Monday in February
Memorial Day	Last Monday in May
Independence Day	July 4
Labor Day	First Monday in September
Native American Day	Second Monday in October
Veterans Day	November 11
Thanksgiving Day	Fourth Thursday in November
Christmas Day	December 25

Section 3.

- A. When an official holiday falls on Sunday, the following Monday shall be designated as a substitute holiday and observed as the official holiday.
- B. When an official holiday falls on a Saturday, the preceding Friday shall be designated as a substitute holiday and observed as the official holiday.

Section 4. Holiday Pay Eligibility for 40-hour Employees.

- A. Forty-hour employees shall receive eight hours pay at their regular base hourly rate of pay for the day on which a designated holiday is observed.
- B. Employees who are reassigned to a 40-hour schedule from a shift schedule shall receive eight hours pay at their regular base hourly rate of pay for the days on which a designated holiday is observed for the number of holidays remaining in that year, minus the number of the first three holidays already taken as leave while on the shift schedule which exceeded the actual number of the first three official holidays that have occurred as of the date of the reassignment. On the day of the designated holidays, which have been subtracted as specified above, the employee will be permitted to use eight hours of vacation, personal leave, compensatory time off, or authorized unpaid leave to maintain his regular base pay for that pay period. Vacation or personal leave may not be used in place of a subtracted holiday in a workweek if the employee's hours worked in the workweek equal or exceed 40 hours.
- C. All hours granted as holiday pay in a week shall be considered as hours actually worked for purposes of computing overtime for that week.
- D. An employee shall not be paid holiday pay for holidays which occur during an approved unpaid leave of absence. If a holiday immediately precedes or follows the approved unpaid leave of absence, the employee must work or be on authorized paid leave the regularly scheduled workday preceding or following the designated holiday to be paid for that holiday.
- E. An employee on paid authorized leave during a period in which a designated holiday falls shall be considered on holiday leave for that day, unless otherwise specified in this Agreement.
- F. An employee on unauthorized leave or suspension without pay the workday before a designated holiday falls shall not be paid for the holiday.

Section 5. Holiday Pay/Leave Eligibility for Shift Employees.

- A. Shift employees shall be granted annually the first three official holidays either as holiday leave which may be scheduled as additional shifts off during the calendar year, or as holiday bonus payments to be paid to the employee in the manner specified in B. of this section below. Employees may elect to take one, two, three, or none of these holidays as holiday leave, with the holidays not designated as holiday leave to be paid as holiday bonus payments. Each employee must designate the manner in which these three holidays are to be taken to be submitted to the Chief Officer in Charge by no later than December 15 of the year preceding the year the holidays are to be granted. If such a designation is not received by the Chief Officer in Charge by this deadline, the first three holidays will be granted as holiday bonus payments and will not be available as holiday leave.
- B. Shift employees shall be paid a bonus payment for each of the last seven official holidays, equal to 24 times the employee's regular base hourly rate of pay as of the date of each official holiday. These holiday bonuses shall not be considered a time-off benefit, and shall be paid in addition to compensation received by the employee for time worked or for paid leave taken during the period in which the official holiday occurs. These holiday bonuses shall not be considered hours actually worked for purposes of computing overtime, nor shall they be used in the computation of the employee's base hourly rate. The holiday bonus payments shall be paid to the employee in the paychecks paid for the biweekly periods in which each City-designated holiday occurs.

- C. A shift employee shall not be eligible to receive holiday bonus payments or holiday leave for official holidays which occur during an approved unpaid leave of absence. If the date of an official holiday immediately precedes or follows the approved unpaid leave of absence, and the employee would regularly be scheduled to work on the date of the holiday, the shift employee must work or be on authorized paid leave the regularly scheduled shift falling on the date of the holiday to receive the holiday bonus or holiday leave for that official holiday. If the date of an official holiday immediately precedes or follows the approved unpaid leave of absence, and the employee would not be scheduled to work on the date of the holiday, the shift employee must work or be on authorized paid leave the regularly scheduled shift preceding or following the holiday to be eligible to receive the holiday bonus or holiday leave for that official holiday.
- D. A shift employee on unauthorized leave or suspension without pay for his regularly scheduled shift on the date of the official holiday, or the shift before if not scheduled to work on the date of an official City holiday, shall not be eligible to receive a holiday bonus payment or holiday leave for that official holiday.
- E. Holiday leave for new employees, employees reassigned from a 40-hour schedule to a shift schedule, or employees on an approved unpaid leave of absence, unauthorized absence, or suspension shall be prorated according to the number of the first three official holidays having occurred as of the employee's hire or reassignment date, or during the employee's unpaid leave, unauthorized absence, or suspension.
- F. In the event of resignation, termination, or in the event of death, any of the first three official holidays which had been designated by the employee to be received as holiday leave in that year, which are unused as of the date of separation, prorated according to the number of the first three official holidays having occurred as of the date of resignation, termination, or death, shall be compensated for in cash to the officer or employee or to the surviving spouse or if no spouse survives to his estate.
- G. In the event that the number of holiday leave days used as of the date of an employee's resignation, termination, or death exceeds the number of the first three official holidays which have occurred as of that date, compensation equal to payment of the number of holidays used in excess of the number of holidays actually having occurred shall be deducted from the employee's total final compensation.
- H. Except as specifically provided in this Article, no payment may otherwise be made in lieu of holidays.

Section 6. The following method of scheduling shifts off shall be used for shift employees starting for the year 1997:

- A. After all vacations for a calendar year have been scheduled in accordance with Article 22, Vacations, employees assigned to a 24-hour shift assignment shall be permitted to request one advance holiday pick of up to three days of holiday leave to be scheduled in the following manner:
- B. There shall be a split seniority system for scheduling this holiday pick. This system cycles every three years. The seniority is split for all members over three years of continuous service in SFFR. The members assigned to each shift shall be placed in Group "A" or Group "B." The odd-numbered seniority member of each rank shall be placed in Group "A," and the even-numbered seniority member of each rank shall be placed in Group "B."

1. First year—Group “A” has first pick of the holiday pick, followed by Group “B,” and then followed by seniority of the members having three years of continuous service or less.
 2. Second year—Group “B” has first pick of the holiday pick, followed by Group “A,” and then followed by seniority of the members having three years of continuous service or less.
 3. Third year—Seniority year, each member picks his holiday pick by seniority in SFFR, by rank, on the member’s assigned shift.
- C. Holiday leave may only be scheduled in the same calendar year in which the designated holidays occur. Employees will not be permitted to carry any holiday leave beyond that calendar year.
- D. Holidays shall not be scheduled or used in any manner for purposes of extending an employee’s official date of separation from the City.
- E. Employees anticipating resignation or retirement in a given year may not reserve holidays from being scheduled in that year for purposes of receiving those holidays in pay at the time of their separation from the City.

Section 7. If a City-designated holiday occurs while a 40-hour employee is absent from work due to a duty-incurred injury, the employee shall be paid regular holiday pay for that day at the employee’s regular base hourly rate of pay as of the employee’s last day worked immediately preceding the absence from work. This regular holiday pay shall be taxable and shall be paid in lieu of the workers’ compensation payment at the rates specified in this section for that day.

If an employee assigned to shift duty is absent from work through December 31 of a calendar year due to a duty-incurred injury, or while on personal sick leave due to personal illness or injury, and such absence causes the employee to be unable to schedule any remaining unused holiday leave, the number of holiday leave days unused due to this absence shall be scheduled for the employee during the absence, before the end of the calendar year. On the day(s) scheduled as holiday leave during the absence, the employee shall be paid regular holiday pay for the day(s) at the employee’s regular base hourly rate of pay as of the employee’s last day worked immediately preceding the absence from work. This regular holiday pay shall be taxable and shall be paid in lieu of the workers’ compensation payment at the rates specified in this Article for that day. If the employee’s absence was due to personal sick leave, the employee must provide written verification from a medical physician certifying that the employee was unable to return to work by December 31 due to the personal illness or injury.

This substitution of holiday pay is only administrative and will not otherwise affect the employee’s workers’ compensation status.

Article 24 Military Service Leave

Section 1. Request for Military Leave of Absence. An employee who wishes to be granted military leave of absence must submit the request and a copy of his official orders or other records from the military service to his Chief Officer in Charge within 14 calendar days of receiving them. If the reservist or National Guard member submits a copy of his official annual training schedule prior to the beginning of the year’s military activities, the employee need only submit separate requests and orders for those training duties not included on the annual schedule, or when the annual schedule is modified.

Section 2. Active Duty. An employee who enlists or is called into active duty for the military service of the United States or who, in time of national emergency, voluntarily enlists for active duty, shall be granted military leave for the time necessary to permit completion of the military service.

In order to have reemployment rights, a person leaving active duty in the military service of the United States must apply to the City for reemployment within the allowable time periods established under the Uniformed Services Rights and Reemployment Rights Act (USERRA) of 1994, as amended.

Section 3. Reserve or National Guard: Initial Active Duty for Training, Annual Encampment, Weekend Drill, and Other Training Duty. An employee who enlists as a reservist or a member of the National Guard shall be granted time off without pay for initial active duty for training, annual training encampment, weekend training drills, and other active and inactive training duty.

The reservist or National Guard member must report back to his civilian job at the beginning of his first regularly scheduled shift on the first day after the completion of initial active duty for training or other training duty plus the necessary travel time to return from the training site to the place of employment. He is also entitled to a reasonable rest time, and a reasonable time thereafter if return is delayed by factors beyond his control. If an employee fails to report to his job within this specified time period, he may be subject to the penalties which would be imposed on any employee who is tardy or absent without permission.

If an employee separates his employment with the City in order to enlist in the Reserves or National Guard, he must reapply to the City within 31 days after his separation from initial active duty for training in the Reserves or National Guard in order to retain reemployment rights.

Section 4. In time of a national emergency, an employee of the City at the discretion of the Mayor may be granted a leave of absence to permit them to engage in work for the United States which may reasonably and fairly be defined as aiding in the national defense of the United States. This leave of absence, if granted by the Mayor, shall be for a period of time as may be necessary to permit the employee to complete the service for the United States government, together with any additional time, not exceeding 90 days, as may be reasonably necessary to enable the employee to resume his duties with the City, for the leave of absence may only be granted upon written request of the government of the United States or any other of its authorized agencies.

Section 5. Seniority Rights. During a military leave of absence, the seniority eligibility rights of an employee shall continue and accumulate in the same manner and to the same extent as if said leave of absence had not been granted and the employee had been continuously in the employ of the City. An employee on military leave of absence shall be entitled to all rights and benefits as are defined by applicable federal statute.

Employees activated to service by the President of the United States because of war or reasons attributed to the war on terrorism may be eligible to receive pay augmentation in such cases where their base military rate of pay is less than the base rate of pay received from the City at the time they went on active duty. When an employee's base military pay is less than the employee's base City pay at the time of activation, the employee may be eligible for payment for the difference under the following provisions and/or guidelines:

- A. Pay augmentation will be based upon the employee's base hourly/biweekly rate and monthly military base rate as of the date of activation.
- B. Pay augmentation shall begin the first full day following activation.

- C. Activated employees who use paid time-off benefits in any given month are not eligible for the pay augmentation for that month as described in this subsection.
- D. Hours actually worked in any full month while activated shall be deducted from any pay augmentation.
- E. Any COLA adjustments, as agreed to in the current labor agreement between the City and IAFF, shall be included when determining eligibility for any monthly pay augmentation.
- F. Those employees eligible to receive pay augmentation must submit the actual monthly military pay stub to the City. Once the calculations have been computed, the City will provide such payment in the next available scheduled pay period.
- G. Employees who are eligible and receive pay augmentation, as set forth in this subsection, will have the employee pension contribution temporarily suspended only for purposes of pay augmentation as described in this subsection.
- H. Employees activated to service pursuant to this section shall be entitled to accrue sick and vacation leave benefits, subject to the limitations in this Agreement, as if they had remained in continuous service to the City.

Section 6. Probationary Employee. An employee who is serving on probation may likewise be granted a military leave of absence under the provisions of the above sections of this Article.

Section 7. Any employee who participates in any branch of the military service of the United States is covered by and subject to Federal Statute, U.S. Code Title 38, Chapter 43, and all other applicable statutes.

Article 25 Sick Leave

Section 1. Sick leave is hereby defined to mean the absence of an employee or officer because of illness, injury, exposure to a contagious disease, or attendance upon a member of immediate family due to illness or injury, provided that no officer or employee, unless officially assigned to special duty shall be granted sick leave for any injuries or illness resulting from any employment other than that required in the course of his assigned duties with the City. Employees who are discharged from military duty orders will be allowed to use sick leave for absences due to injury or illness associated with their military duty as long as such member is not otherwise receiving other benefits such as incapacitation pay through the military. If an employee is receiving military benefits or pay during such absences, they may not use sick leave simultaneously.

Members of the immediate family shall mean parent, spouse's parent, child, spouse, spouse's child, or dependent residing in the employee's home. An employee may also be permitted to use sick leave for attendance upon an employee's grandparent, grandchild, or sibling affected with a serious medical condition. Such officer or employee shall receive full compensation during sick leave provided that in no case shall such pay be in excess of the amount an officer or employee would receive in a scheduled workweek or shift.

If an employee or officer must be absent because of illness, injury, exposure to a contagious disease, or attendance upon a member of immediate family due to illness or injury as provided above, the employee or officer may not substitute vacation, holidays, personal leave, compensatory time off, or other paid time-off benefits in place of sick leave for the duration of the absence, unless all available sick leave has first been exhausted in a manner consistent with this Article, or as may otherwise be specified in this Agreement. An exception to this rule may be

made at the discretion of the Fire Chief, under special circumstances where substitutions will not result in overtime or reductions in manpower.

Section 2. Sick leave shall be granted as a privilege and not a right, and the claim of such leave shall be subject to such investigation as the Fire Chief deems necessary.

Section 3. There is hereby established a sick leave schedule which shall apply to SFFR 40-hour employees. It shall not apply to temporary, contractual, part-time officers, or part-time employees.

A. Any officer or employee of the City covered by this section shall be granted sick leave at the rate of 3.70 hours for each two weeks of completed service.

Each employee shall have deducted from his accumulated sick leave one hour for each hour of absence while on sick leave. An employee who does not take the full amount of sick leave granted in any one calendar year may accumulate the amount from year to year.

Section 4. There is hereby established a sick leave schedule which shall apply to SFFR shift employees; it shall not apply to temporary, contractual, part-time officers, or part-time employees:

A. Any uniformed member of SFFR working a 53-hour schedule shall be granted sick leave at the rate of 5.54 hours for each full two weeks of service.

Each employee shall have deducted from his accumulated sick leave one hour for each hour of absence while on sick leave. An employee who does not take the full amount of sick leave granted in any one calendar year may accumulate the amount from year to year.

Section 5. Any officer or employee who works less than 40 hours a week shall be given credit for sick leave based on the actual amount of hours worked.

Section 6. Up to two hours per visit of sick leave pay may be used for either physician or dental appointments provided the appointment has been scheduled during the employee's regular-scheduled hours.

Section 7. Sick leave may be used for illnesses attributed to pregnancy. During the time that an employee or the employee's spouse is considered disabled due to pregnancy, childbirth, or complications thereof, the employee shall be able to use sick leave. The dates of such disability for which payment under the sick leave policy is claimed shall be verified by a statement from a medical doctor.

In no event may an employee claim sick leave pay in excess of the amount credited to that employee's accumulation.

Section 8. The Chief Officer in Charge, Fire Chief, or the Director of Human Resources may require that sick leave be granted only by a certificate evidencing such sickness, signed by the employee's attending medical doctor, or such authority may require the employee report to a City-designated medical doctor for a physical examination.

In any event, no sick leave with pay shall be granted for a period longer than three consecutive workdays unless a certificate from a duly licensed medical doctor is presented to the Fire Chief or the Human Resources Director. In such instance, the employee must present a completed Return to Work Certificate (Exhibit E) upon returning to duty from a sick leave absence of more than three consecutive workdays. The Fire Chief may require that an employee submit to a fitness-for-duty examination by a City-designated physician before returning to work.

Section 9. Temporary Duty: If, in the opinion of the employee's medical doctor, and/or in the opinion of a City-designated medical doctor at the City's request, the employee is physically able to perform duties of another nature, the officer or employee may request an available temporary

duty assignment. The Fire Chief may assign such temporary duty at his sole discretion. The Fire Chief may require that an employee submit to a fitness-for-duty examination by a City-designated physician before returning to regular duty.

Section 10. Not more than one day of sick leave may be allowed for attendance upon a member of the immediate family requiring the care or attendance of such employee, with the exception that more than one day may be approved for this purpose if supported by a written statement from the attending medical doctor, including an explanation of why the employee's attendance is necessary. The Fire Chief may grant exceptions to the requirements of this section.

Section 11. When an employee becomes ill or is injured or quarantined while on vacation, the period of such illness, injury, or quarantine may be charged to sick leave if the employee submits a written certification from a medical doctor or other recognized health care provider confirming his illness, injury, or quarantine, and the dates the employee was limited by such condition.

Section 12. At the discretion of the Chief Officer in Charge, absence from work because of illness of a person other than those listed in this Article will be taken as vacation, holiday, compensatory leave, or personal leave day, or leave without pay.

Article 26 Sick Leave Payout

Section 1. Any employee or officer, upon separation from City service, except under the provisions of Article 24 and this Article, shall not receive any payment for accumulated sick leave.

- A. Any 40-hour SFFR nonmanagement employee who has accumulated a base amount of sick leave equal to or greater than 48 hours times the number of years (and portions thereof) employed by the City, shall, upon retirement from the City or death while in service of the City, be entitled to receive one-fourth of his accrued banked sick leave hours paid at his rate of pay at date of retirement or death. In case of death while in service of the City, the employee's beneficiary shall be entitled to receive the sick leave payment as specified in this section.
- B. Any shift SFFR employee who has accumulated a base amount of sick leave equal to or greater than 72 hours times the number of years (and portions thereof) employed by the City shall, upon retirement from the City or death while in service of the City, be entitled to receive one-fourth of his accrued banked sick leave hours paid at his rate of pay at date of retirement or death. In case of death while in service of the City, the employee's beneficiary shall be entitled to receive the sick leave payment as specified in this section.

Section 2. If the employee's employment with the City is separated prior to his eligibility to receive retirement benefits payments, and the employee elects to defer his retirement benefits, the payment of sick leave benefits as defined above shall be made as part of the employee's final pay at the time of separation. If, after receiving the sick leave payment at time of deferral, the employee chooses to withdraw his contributions to the pension plan in pay, the amount paid for sick leave at the time of deferral shall be deducted from the amount contributed to the pension plan, prior to the payment of these contributions.

If an employee chooses to defer retirement benefits, any reference made to the employee's "rate of pay at date of retirement" in this Article shall mean the employee's rate of pay as of the last day of his active employment with the City prior to his deferral of retirement benefits.

The Fire Chief or his designee may grant additional days for funeral leave.

Article 28 Duty-Incurred Injuries and Disease

Section 1. Any SFFR officer or employee sustaining a duty-incurred injury or disease which will likely result in a loss of work time must see a medical doctor or must visit a hospital emergency room as soon as possible after the injury or disease is sustained.

Any SFFR officer or employee suffering a loss of pay as the result of sustaining a disabling injury by accident or occupational disease under SDCL 62-8-1 arising out of and in the course of employment for the City, which disabling injury or disease was not caused by willful neglect on the part of such officer or employee, shall in lieu of sick leave receive workers' compensation payment at the rate of 80 percent of the employee's regular base weekly earnings, not including overtime, as of the date of the injury for a period of six months after the date of injury. If at any time such payments become taxable, the employee or officer shall receive additional compensation to offset these taxes. Additional compensation shall be computed as follows:

- A. Eighty percent of base pay as of the date of injury shall be considered minimum pay; and
- B. For every 5 percent of workers' compensation deemed taxable, the officer or employee shall receive an additional 1 percent of base pay as of the date of injury added to minimum pay as defined in paragraph A. above; and
- C. If the portion of such payment that is deemed taxable is not in exact 5 percent increments, the next highest 5 percent shall be used in computing the wage payment (example: 62.5 percent shall be 65 percent).

After that six-month time period has elapsed, such officer or employee shall receive the rate from time to time specified by South Dakota Workers' Compensation Law, and accrued sick leave, vacation, personal leave, compensatory time off (40-hour employees), or holiday leave (shift employees) may be used to maintain his net regular base weekly earnings, not including overtime, as of the employee's last day worked immediately preceding the most recent absence from work due to a duty-incurred injury.

Section 2. Temporary Duty: If, in the opinion of the employee's medical doctor, and/or in the opinion of a City-designated medical doctor at the City's request, the employee is physically able to perform duties of another nature, the officer or employee may be assigned to those duties at the sole discretion of the City.

If temporary duty within those restrictions is not available with the City, the employee or officer may be permitted to engage in outside employment within the work restrictions set by the physician due to the duty-incurred injury, provided that before engaging in such outside employment, the employee submits to the City in writing the name, address, and phone number

of the outside employer, a description of the duties to be performed in the outside employment, and the approximate number of hours to be worked per day in the outside employment. Failure to submit this information to the City in writing prior to engaging in outside employment may result in discontinuance of workers' compensation benefits.

Any employee reassigned to duties of another nature during the first six months immediately following the date of injury shall receive the same pay and benefits earned at the time of injury. After that six-month period has elapsed, the employee may be compensated at a rate of pay determined by the City commensurate with the temporary assigned duties, not to exceed the employee's rate of pay as of the date of injury. If the rate of pay for the temporary duty assignment is less than the employee's rate of pay as of the date of injury, the pay may be supplemented with workers' compensation payments as specified by South Dakota Workers' Compensation Law. This reassignment may continue for a period determined by the City not to exceed 12 months after reassignment to other duties. Upon the employee's return to his rank and full unrestricted duties held at the time of injury, the employee shall be paid at his current rate of pay including step advancements or pay rate adjustments he would have otherwise received during the absence from his regular duties.

Section 3. It is understood by the Union and employees covered by this Agreement that activities of a personal nature carried out while on duty, on or off City property, which are not directly related to and do not arise out of an employee's employment as an employee of SFFR do not constitute employment-related activities. Therefore, injuries or illness incurred or arising out of these activities shall not be considered "duty-incurred" for purposes of the application of this Article, and will not be considered duty-incurred injuries or illnesses for purposes of determining compensability under the workers' compensation statutes of the state of South Dakota.

Any injury or illness incurred while off duty, on or off City property, shall not be considered "duty-incurred" for purposes of the application of this Article or the application of state workers' compensation statutes.

Section 4. The Fire Chief may require that an employee who is off duty or assigned to temporary duty as a result of a duty-incurred-injury or illness submit to a fitness-for-duty examination by a City-designated physician before returning to regular duty.

Section 5. Administration: Compensation and coverages for duty-incurred injuries or disease incurred by members shall be administered in all respects according to the provisions and intent of South Dakota Workers' Compensation Law, except as specifically otherwise provided in this Agreement.

**Article 41
Entire Agreement**

Section 1. The parties acknowledge that during the negotiations which resulted in this Agreement, each party had the right and opportunity to make proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understanding and agreements arrived at by the parties after the exercise of that right are set forth in this Agreement. Therefore, the City and the Union, for the duration of this Agreement, each waives the right, and each agrees that, unless required by law, the other shall not be obligated to bargain collectively with respect to any subject or matter referred to or covered in this Agreement or with respect to any subject or matter not specifically referred to or covered in this Agreement, even though such subjects or matters may not have been within the knowledge or contemplation of either or both of the parties at the time they negotiated or signed this Agreement.

They recognize frequently what first appear to be problems or areas of conflict and disagreement are actually the result of misunderstandings which are cleared away upon a complete and frank exchange of viewpoints and ideas. They believe that even though limitations are being placed upon formal collective bargaining negotiations through the extended period of this Agreement, a better atmosphere in which to achieve improved day-by-day relations between the parties, which they both desire, can be created through meetings of the kind described below.

Section 2. Once every month, or sooner if agreed upon, meetings shall be held during the term of this Agreement of the committee formed as a part of this Article. Members may attend during regular scheduled working hours, if attendance does not interfere with the normal operation of SFFR. It is understood that such meetings shall not be for the purpose of handling grievances or conducting collective bargaining negotiations nor for any purpose which in any way will modify, add to, or detract from the provisions of this Agreement. In agreeing to such meetings, the parties are providing concrete evidence of their sincere desire to encourage friendly, cooperative relationships between their respective representatives at all levels and with and between all employees covered by this Agreement, and to find ways to overcome difficulties, influences, or attitudes which interfere with such relationships. The committee may decide to cancel and/or postpone meetings by mutual agreement.

- C. Has violated any lawful and reasonable official regulation or order, or failed to obey any lawful or reasonable direction made and given by his superior officer, where such violation or failure to obey amounts to an act of insubordination or a serious breach of proper discipline, or resulted or reasonably might be expected to result in loss or injury to the city, or to the public; or
- D. Has been guilty of acts constituting insubordination or of any conduct unbecoming an officer or employee of the City; or
- E. Has unlawfully used, possessed, manufactured, distributed, dispensed, any controlled substance or drug paraphernalia at any time on or off the job; or unlawfully has any detectable level of any controlled substance in the body at any time on or off the job; or has used or possessed alcohol, or has a detectable alcohol level of .02 or greater in the body, while working or performing job duties while on the City's premises, or while operating City vehicles, machinery, or equipment, or has violated any other of the provisions of the City's Drug- and Alcohol-Free Workplace policies; or
- F. Is wantonly offensive in his conduct or language toward the public or toward City officers or employees; or
- G. Is incompetent or inefficient in the performance of the duties of his position; or
- H. Is careless or negligent of the property of the City; or
- I. Has failed to pay or make reasonable provision for future payment of his just debts due or owing by him, causing thereby annoyance to his superior officer; or
- J. Has used or threatened to use, or attempted to use political influence in securing promotion, leave of absence, transfer, change of grade, pay, or character of work; or
- K. Has induced or has attempted to induce an officer or employee in the service of the City to commit an unlawful act or to act in violation of any lawful and reasonable department or official regulation or order; or has taken any fee, gift, or other valuable thing in the course of his work or in connection with it for his personal use from any citizen, when such fee, gift, or other valuable thing is given in the hope or expectation of receiving a favor or better treatment than that accorded other citizens; or
- L. Has induced or attempted to induce any person doing business with the City to give employment to any relative of said City officer or employee, or has induced or attempted to induce any person as aforesaid to show any material favor or consideration of any kind to any relative of said City officer or employee, when said officer or employee holds a position in a department or office having direct contact with such person; or
- M. Has been guilty of an immoral or criminal act; or
- N. Has been guilty of any other act or omission deemed sufficient cause by the Board.

Section 3. A person demoted, discharged, or suspended from his position in the civil service shall be furnished by the officer taking the action with the reasons in writing for such action when demanded by said person. When reasons are given by the officer taking the action, a copy of the same shall be immediately forwarded to the Board.

Section 4. No written incident report or records of disciplinary action shall be entered into an employee's official personnel file unless the City first advises the employee of its intent to enter such writings in the file and affords him an opportunity to read and obtain copies of any material in the employee's official personnel file.

When reasonably required in the judgment of the Union to process grievances, the City will make available to the Union for review at a place and time designated by the City an employee's official personnel file; however, no steward or Union official shall be permitted to review or obtain copies of materials in an individual employee's official personnel file without the express and specific written consent of the employee.

There shall be only one official personnel file on each employee and it shall be kept at the Human Resources department.

Section 5. Any reprimand that may become a part of an employee's official personnel file or may result in suspension or discharge shall be given, in writing, to the employee affected by the Chief Officer in Charge and shall be done at an appointed time with such employee having the right to have a Union steward and/or other Union representative present.

Section 6. Within 10 calendar days after the issuance of the Employee Incident Report identifying demotion, discharge, or suspension of a person holding a position in the classified civil service of the City, such person may take an appeal of such action to the Civil Service Board by filing a written notice of such appeal with the Human Resources department.

Section 7. Within 30 days after receiving notice of appeal, the Civil Service Board on receiving notice of appeal by a person holding a position in the classified civil service of the City shall set a date for hearing on or investigation of the reasons for the demotion, discharge, or suspension. Notice of the time and place of such hearing or investigation shall be delivered to the employee appealing either personally or by certified mail.

The Board shall conduct the hearing or investigation. The employee appealing shall have full opportunity to be heard and may be represented by counsel.

The investigation by the Civil Service Board shall be confined to the determination of the question of whether such suspension, demotion, or discharge was or was not made for prohibited discriminatory reasons and was or was not made in good faith for cause.

Failure of the appealing employee to appear before the Civil Service Board at the time, date, and place as indicated upon the notice of hearing delivered to the employee will cause the Board to find in favor of the City. In addition, the appealing employee will be charged with all expenses connected with arranging a Civil Service Board appeals hearing. The City shall collect those expenses from the appealing employee as the City deems appropriate.

Section 8. After an investigation into the discharge, demotion, or suspension of a person in the Civil Service, the Civil Service Board may, if in its estimation the evidence is conclusive, affirm the disciplinary action, or if it shall find that the disciplinary action was made for prohibited discriminatory reasons or was not made in good faith for cause, shall order the immediate reinstatement or reemployment of such person in the office, place, position, or employment from which such person was suspended, demoted, or discharged. Such reinstatement may be retroactive with pay from the time of such suspension, demotion, or discharge. The Board upon such investigation, in lieu of affirming the disciplinary action may modify the order of suspension, demotion, or discharge by directing a suspension without pay for a given period and subsequent restoration of duty or demotion in classification, grade, or pay. The findings of the Board shall be certified in writing to the appointing officer and shall be forthwith enforced by such officer.

Section 9. Any employee suspended or under suspension is ineligible for extra duty during the 27-day pay cycle(s) their suspension occurred in.

Section 10. Any officer or employee suspended or under suspension shall be entitled to reinstatement only in the discretion of the Department head, unless otherwise ordered by the Board following a hearing on appeal.

Section 11. Suspension, discharge, and demotion of rank are subject to the City's Civil Service appeal procedures as set forth in Civil Service provisions and shall not be subject to the grievance procedures of this Agreement.

It is understood by both parties that the Civil Service procedures set forth in City ordinance are subject to modification at the sole discretion of the City Council and the Civil Service Board; and that in matters of interpretation, scope, or application, the provisions of the City ordinance supersede the provisions of this Article.

Article 49 Standards of Conduct

As SFFR employees serving for this department, you are expected to conduct yourselves lawfully and properly in order to bring honor and respect to your profession. Your failure to conduct yourself in such a manner will cast a shadow of public distrust. As such, adherence to standards that are higher than those applied to many other professions and positions in City government must be demanded and expected from the Fire Chief. It is a standard that demands more than a lack of tolerance for overt and indictable illegal conduct. It is a standard that demands that, in both a Firefighter's official and private lives, they do nothing to bring dishonor upon their profession and employment as a Firefighter for the City of Sioux Falls, and in no way contribute to a weakening of the public confidence and trust of its citizens. Acting in a questionable manner that could bring dishonor upon your profession as a Firefighter, and which contributes to a weakening of the public confidence and trust, cannot be tolerated or accepted as satisfactory job performance. The City of Sioux Falls has a right to demand for itself, and the obligation to secure for its citizens, public safety personnel whose conduct is above and beyond reproach.

Article 50 Drug- and Alcohol-Free Workplace Plan

Section 1. It is the responsibility of all City employees to abide by the terms of the City's Drug-and Alcohol-Free Workplace policies as a condition of employment. Any violations or noncompliance with these policies will subject an employee to disciplinary action up to and including termination. The extent and type of action taken with an employee who violates these policies will be based upon:

- A. The seriousness of the violation or offense;
- B. The employee's past employment and performance record;
- C. The impact of the violation upon the employee's future job performance; and
- D. The employee's willingness to participate in controlled substance or alcohol abuse assistance and rehabilitation.

Section 2. It is mutually agreed that the City and the Union will encourage employees to seek assistance whenever necessary to overcome a drug or alcohol abuse problem. The City provides access to controlled substance and alcohol abuse counseling and rehabilitation through the

City's Employee Assistance Program (EAP) for all of its regular employees. Employees needing help in dealing with such problems are encouraged to use the Employee Assistance Program and health insurance plan to aid them in overcoming their illness. Conscientious efforts to seek such help will not jeopardize any employee's job, and contacts with the EAP, initiated only by the employee, will not be known or noted in any personnel record.

An employee shall be permitted to take a family/medical leave of absence, as provided in the Leaves of Absence Article of this Agreement, for the purpose of undergoing medically supervised substance abuse treatment and rehabilitation through a treatment program approved by the City, and may be permitted to use accumulated sick leave during that leave provided that such a leave of absence is requested by the employee and approved by the City prior to any violation of the City's Drug- and Alcohol-Free Workplace policies, or the commission of any other act subject to disciplinary action by the City. Such leave and use of sick leave may not be approved if requested after the employee has violated the provisions of the Drug- and Alcohol-Free Workplace policies.

Section 3. The City's Drug- and Alcohol-Free Workplace Plan, insofar as it impacts the terms and conditions of employment for employees covered by this Agreement, shall not be modified unless negotiated with the Union. The City reserves the right to make modifications as may be required by law, and agrees to notify and discuss such modifications with the Union whenever such modifications are required which may impact the terms or conditions of employment of employees covered by this Agreement.

Section 4. For purposes of the application of the City's Drug- and Alcohol-Free Workplace Plan, all uniformed employees of SFFR shall be considered "safety-sensitive employees" as defined in the plan, and therefore will be subject to all drug and alcohol testing requirements applicable to safety-sensitive employees. All employees covered by this Agreement will be subject to applicable 5-panel drug screenings and related evidential breath testing (EBT) for alcohol as may be required. For purposes of selecting employees covered by this Agreement for random testing, employees shall be placed into a random pool separate from the pool of employees mandatorily subject to federal FHWA drug and alcohol testing regulations.

For purposes of the application of the provisions of the City's Drug- and Alcohol-Free Workplace Plan, all emergency vehicles operated by employees of SFFR shall be considered "commercial motor vehicles."

Section 5. This Article shall not supersede an employee's state or federal constitutional rights.

Article 51 EMT Certification

All uniformed SFFR employees excluding Emergency Vehicle Technician and the civilian Fire Inspector must possess and maintain at all times the SD Emergency Medical Technician (EMT) certification as a minimum qualification for employment with the City in those classifications.

For all eligible employees covered by this Agreement who are required to possess EMT certification by this Article, the City shall pay for or provide the required training.

Article 52 Standby

Section 1. Standby Pay.

- A. When a SFFR employee is designated to be on standby, he shall receive, in addition to his regular base hourly rate, \$1.00 per hour.
- B. Standby hours worked begin as soon as the employee is en route to work, and end when the employee is released from duty by the Chief Officer in Charge or at the beginning of regularly scheduled hours, whichever is earlier.
- C. A requirement to work an adjusted schedule or additional hours shall not be considered standby hours.
- D. If standby service for a 40-hour employee shall fall on a regularly authorized holiday, the employee shall receive 8 hours holiday pay for that day in addition to the standby pay for the period, plus pay at the guaranteed overtime rate of 1 1/2 times his regular base hourly rate for all hours worked while working standby as provided above.

Section 2. The number of hours worked on standby, which are paid at the guaranteed overtime rate, shall not be counted as hours actually worked for purposes of computing additional regular overtime.

Section 3. Rotation. Employees shall be scheduled for standby on a rotation basis, unless the employees work under another arrangement, acceptable to the department Director and the employee.

Article 53 Administrative Leave

Section 1. Occasionally, City offices are closed because of weather-related conditions or City offices may be closed early on holidays at the discretion of the Mayor. When the City offices are closed for either of these reasons, nonessential employees not required to report to work may use administrative leave to replace regularly scheduled hours lost due to City offices being closed. To be eligible for administrative leave, employees must be working or using a paid time-off benefit the day before, or the day following, the day City offices are closed. Administrative leave hours shall not be counted as hours actually worked for purposes of computing overtime.

If an employee is absent and is using a paid time-off benefit at the time of closing, the employee may substitute administrative leave in the place of other paid time-off benefits. If such a closing falls on an employee's regularly scheduled day off, or the employee is on an unpaid leave, administrative leave may not be used. Regular part-time employees shall have their benefit prorated based on the ratio of hours in their regular work schedule.

Administrative leave does not accrue and therefore employees carry no minimum or maximum number of hours. Administrative leave may only be used as articulated in this section. Upon discharge, resignation, retirement, or death, this benefit has no cash value and may not be used to extend service credit.

Section 2. When government offices are officially closed due to inclement weather, all personnel who are determined by department/division to be essential to the delivery of public services are expected to report to work.

**Article 54
RHS Plan**

The City agrees to provide a Retiree Health Savings Plan (RHS) to allow employees who retire the ability to provide some funding for retiree health care costs with eligible unused sick and vacation leave payments at the time of retirement. The tax treatment of such a plan requires mandatory employee participation and the Union agrees its members will fund this plan as follows: 100 percent of eligible unused sick and vacation leave payments received at the time of retirement or deferred retirement. The City shall control and manage the operation and administration of the plan.

**Article 55
Duration of Agreement**

Section 1. This Agreement shall be effective as of January 1, 2014, and shall remain in full force and effect until December 31, 2016.

Section 2. It shall automatically be renewed from year to year thereafter, unless either party shall have notified the other, in writing, by certified mail, at least 180 days prior to the annual anniversary date, that it desires to modify this Agreement.

Section 3. In the event such notice is given, negotiations shall begin no later than 150 days prior to the anniversary date.

Dated this 5th day of November, 2013.
