ONLY RAIN TO DRAIN

Did you know that stormwater runoff goes directly to the Big Sioux River and its tributaries, with little or no treatment?

Do your part to keep the Big Sioux River clean!

- ◆ Bag and place all pet waste in your trash.
- ◆ Wash vehicles and equipment at a car wash instead of your driveway.
- ◆ Sweep garages and driveways instead of using water.
- ◆ Minimize use of fertilizers, pesticides, and herbicides.
- ◆ Control all leaks and spills, even minor ones.
- ◆ Store lawn equipment, like mowers, in areas where runoff won't reach the storm sewer.
- ◆ Keep waste containers covered if stored outdoors.
