FUND SUMMARIES Page

The focus of the General Fund, Sales Tax Fund, and all other non-internal service or enterprise funds within this monthly status report is on **available fund balance** as this is the balance that is anticipated to be available if actual results are as budgeted. In addition to the budget, unbudgeted changes in certain reserves such as inventories and debt service also impact the available balance. Estimated (or projected) unspent balance and allowances for changes in reserves are shown when they can be reasonably estimated. The summaries also contain a cash breakdown to identify available versus restricted or designated cash balances.

The focus of the internal service and enterprise funds within this monthly financial status report is on **cash flow** as these funds are driven by service levels not budget. These funds must have the necessary cash flow to meet current operating expenditures, maintain existing and construct new infrastructure, and to build reserves to meet unanticipated capital outlays or shortfalls in operating revenue.

#### General Fund Summary......1

The <u>General Fund</u> is the City's primary operating fund. The primary <u>revenue</u> sources are the first penny sales tax and property taxes. Other revenues include the frontage tax, licenses and permits, federal, state and county shared revenues, and charges for goods and services. <u>Expenditures</u> are used to fund operating activities including personnel expenditures for wages and benefits, professional services, repair and maintenance, supplies and materials, utilities, and other non-capital costs.

In addition to providing a current budget to actual expenditures comparison, the report also measures performance to two policy targets established by the City Council. The first is a comparison of the estimated available fund balance to budgeted expenditures with a target of 25% available fund balance to budget at year-end. The second policy target is an 11% cash balance to budget.

#### Sales & Use Tax Summary......2

The <u>Sales & Use Tax Fund</u> is a special revenue fund that accounts for capital purchases and debt service funded by the second penny sales tax. In addition to sales tax, revenues include special assessments and state or federal grants. Expenditures include purchase and construction of land, buildings, infrastructure, other capital improvements, and capital equipment.

As large construction project contracts are awarded and paid throughout the year and into future years, encumbrances have been added to the actual-to-budget comparison to provide a more accurate picture of remaining project budget balances. The long-term nature of the contracts and agreements is also the reason for the focus on unobligated fund balances to identify the estimated remaining resources that may be programmed for capital projects.

#### 

This report provides the detail of the sales & use tax receipts that are collected and remitted to the City by the State of South Dakota Department of Revenue. The first and second penny sales taxes are collected on essentially all local sales and are used as described above. The entertainment tax is collected on lodging, sales of alcoholic beverages, dining out, as well as ticket sales or admissions. The entertainment tax is used to fund operating and capital activities related to the operations of the Events Complex, Washington Pavilion, Orpheum Theatre, Sioux Falls Stadium and Great Plains Zoo. The lodging tax is collected on overnight stays with the entire amount collected being remitted to the Convention and Visitors Bureau for promoting the City. This report is prepared on an accrual basis consistent with collections for the month from the State Department of Revenue.

#### Compilation of Other Funds ......4-6

<u>Special Revenue Funds</u> are used to account for the proceeds of special revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditure for specified purposes. Additional Special Revenue Funds include the Entertainment Tax Fund, Community Development Fund, Transit Fund, and Storm Drainage Fund.

<u>Capital Project Funds</u> account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds). This fund type includes the TIF Fund and General Government Construction (Administration Building) Fund. Certain funds within this category are on a reimbursement basis and will carry negative balances within available cash as they await reimbursement from trust funds or other sources.

<u>Permanent Funds</u> account for resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support specific programs. This fund type includes the Library Memorial Fund and Cottom Memorial Fund.

# **Table of Contents**

The internal service funds are used to effectively accumulate and allocate costs internally among the City's various functions. Internal Service Funds are used for the City's self-insured health plan, workers' compensation, liability insurance, technology, and fleet management services. These services are provided to the other departments of the City on a cost reimbursement basis. Much like the enterprise funds, the internal service funds are driven by service levels and are non-appropriated. A change in cash position is provided for these funds to indicate balances available to meet the demands for service within these funds.  Enterprise Fund Summary of Cash Flows	Internal Service Funds6
The Enterprise Funds account for the business-type activities of the government. The City of Sioux Falls uses enterprise funds to account for the activities of the electric light, public parking, sanitary landfill, water, and water reclamation operations. Demands for services determine the amount of resources necessary to provide the established service levels; thus, the funds are non-appropriated. A modified cash flow statement is provided for these funds as it provides the most useful information in monitoring the status of each of these funds and their ability to fund ongoing operating and capital needs.  CAPITAL PROGRAM  Capital Program (CIP & OCEP) Fund & Department Summary	various functions. This capital summary is organized on a fund and departmental basis. It provides a general overview of the allocation of the various resources as well as providing current budget balances for the capital (CIP & OCEP) by department.  Capital Improvement Program (CIP) Projects Summary	CAPITAL PROGRAM
allocation of the various resources as well as providing current budget balances for the capital (CIP & OCEP) by department.  Capital Improvement Program (CIP) Projects Summary	Capital Program (CIP & OCEP) Fund & Department Summary
This CIP report presents each individual project within the capital program. As each project may involve several funds, the projects are organized by the primary department for which the project is being completed. Project budgets are balanced on a project-by-project basis. The report also contains a status code to define the status of each project. The codes are: N – not started; S – signed contract; PD – preliminary design; D – under design; DC – design completed; I – in construction; SC – substantially completed; W – under warranty; C - complete. Page 12 also includes a summary of the Arterial Streets projects' sources and uses.  Other Capital Expenditures Program (OCEP) Summary	allocation of the various resources as well as providing current budget balances for the capital (CIP & OCEP) by

Page 12 also includes a summary of the Arterial Streets projects' sources and uses.  Other Capital Expenditures Program (OCEP) Summary	
The OCEP report details the City's capital equipment program by fund and department. Equipment budgets are balanced on a departmental basis, not on an item-by-item basis.  DEBT  Outstanding or Authorized Debt	funds, the projects are organized by the primary department for which the project is being completed. Project budgets are balanced on a project-by-project basis. The report also contains a status code to define the status of each project. The codes are: N – not started; S – signed contract; PD – preliminary design; D – under design; DC – design completed; I – in construction; SC – substantially completed; W – under warranty; C - complete.
DEBT  Outstanding or Authorized Debt	Other Capital Expenditures Program (OCEP) Summary13-1
Outstanding or Authorized Debt	
This page is a detail of the City's current outstanding and/or authorized debt. It is meant as informational only as it does not place the debt into context as to the ability that each source has to repay the obligation. The ability to repay is shown in detail in the comprehensive annual financial report of each year. This report summarizes each debt issue that is outstanding or that has been approved but not yet issued, the general purpose for each debt issuance, the source of repayment, and the interest rates for each issue. The report is organized into two broad categories, governmental and business-type, to indicate the funding source being used to repay the obligation.  BUDGET  Budget/Appropriation Adjustments  The appropriation and budget adjustment report shows budgetary actions that have occurred since the budget was initially adopted. The report is organized to show budget actions on a fund basis. The details for the supplement column are presented by month on the final page of this section to show specific actions and the	DEBT
