Addendum No. 1
Request for Proposals No. 16-0185
Environmental Monitoring, Groundwater, and Reporting Services

The City of Sioux Falls makes the following revisions to Request for Proposals No. 16-0185:

Removal of the following information from Section 2.05 Scope of Works – Tasks, Task 2 Monitoring Well Sampling and Reporting, Part 1 – State-required Groundwater Sampling and Reporting:

However, no Appendix II parameters have been detected at the site during the past five Appendix II monitoring events. Therefore, the site proposes to reduce the sampling frequency for the full Appendix II parameter list to once every three years. Monitoring wells MW-13R and MW-44ox will remain in assessment monitoring with semiannual sampling for Appendix I parameters and sampling for the full list of Appendix II parameters once every three years.

Offerors are instructed to return a copy of this addendum form signed by an authorized firm agent as part of proposal responses.
