

Answers to Questions No. 1

Bid Request No. 20-0091

Uniformed Logowear, Promotional and Screen-Printed Clothing

- 1. Question: What is the approximate percentage of screen-print vs. professional apparel?**

Answer: Based on number of orders, the estimated percentage would be 70 percent embroidered apparel vs 30 percent screen-printed. Based on number of pieces, the estimated percentage would be 55 percent embroidered apparel vs. 45 percent screen-printed.

- 2. Question: On page 23 & 24 (Attachment 4) of the proposal you are asking for % off the different name brands. What type of garment are you wanting for each name brand? The majority of them have t-shirts, polos and sweat shirts**

Answer: We are asking for the percentage off for the entire catalog, including all items.

- 3. Question: What was your last awarded unit price?**

Answer: The previous contract and contract extension have been posted to the City website under documents.
