

Needles & Sharps

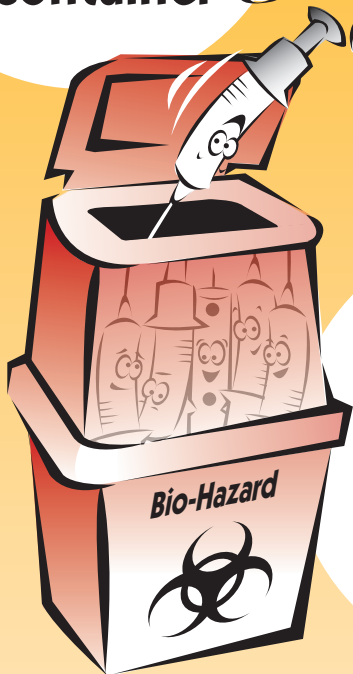

don't
belong
with the
recyclables

Place your
needles in
a **Sharps**
container

and
exchange
it for a
new one
when
it's full

Please don't put needles and other medical waste in your recycling bin or garbage container. They are NOT recyclable, and they pose a hazard to your waste hauler, recycling facility workers, and potentially even to your neighborhood.

You can get a Sharps disposal container at any participating Hy-Vee, Lewis, or Walgreens pharmacy—*at no cost to you!* When it's full, just exchange it at the pharmacy for a new container.
